Payment delays: NTPC threatens to cut supply to AP, Karnataka, Telangana

BY THE BUREAU
New Delhi, February 4

WITH OUTSTANDING DUES spiralling to nearly ₹6,000 crore, state-owned power generation company NTPC has threatened to cut supplies to the electricity distribution companies of Andhra Pradesh, Karnataka and Telangana from Wednesday if the bills are not cleared soon. The cumulative dues, pending for more than 60 days, stood at ₹4,158 crore as on January 30. If immediate arrangements are not made, the three states could lose 3,470 MW of power supply from NTPC's Kamagundam, Simhadri, Talcher and Kudgi power plants.

As per the regulation notice sent to the discoms from NTPC, some of the bills for which payments have not been made were raised as early as March 2018. NTPC's outstanding receivable

from states (more are pegged at ₹7 crore at the end of December. According to sources, the dues are also rising significantly due to discoms of Uttar Pradesh and J&K. The dues have been rising in spite of "regulations" at various levels, well as through legal means.

The development comes at a time when the company is anticipating a surge in demand in the upcoming generation. Average spot power registered a 4% rise in January 2019 at ₹1.280 per kWh.

Rise in revenues is also visible in the first three quarters of FY19 due to coal price pressure on NTPC's performance. On the other hand, the company is expected to see more on fuel as it looks to reduce its coal imports
